

The Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear The Federal Communications Commission,

DO WHAT IS RIGHT FOR THE PEOPLE, NOT THAT WHICH SERVES WANTS OF
BIG BUSINESS.

I do not want to pay more for my telephone service! I urge you
to reject a flat fee proposal that would change how
contributions are made to the Universal Service Fund. I am
concerned that this proposal could make my current service
unaffordable.

Under the flat fee proposal you are considering, people who make
few long distance calls would pay the same as people or
businesses that make many calls. In other words, low-volume and
primarily residential customers would bear the same universal
service fund burden as a high-volume residential or business
customers. This is unfair!

I use my wireless phone mainly for safety and security. I don't
want to lose these benefits so that big businesses can pay less
than their fair share. I urge you to reject the proposal to move
the USF collection system to a flat-fee.

Keep the USF Fair!

Sincerely,

George Lupfer
